Forest Supervisor Hugh Calkins has
prepared an article for the Arbor day
bulletin of the University of Arizona.

The article describes the arboreal veg-
etation of Arizona in a popular way.

Firemen yesterday afternoon put
out a blaze in a pile of waste in a
vacant room in the Stern building.

It is not known what started the fire.
A tenant discovered it.

Hugh G. Calkins left last night for

"GO TO CHURCH" IDEA PLEASING TO ALBUQUERQUE

Many Endorse Scheme of
Clergymen to Get Public
"Started Right" for the
New Year.

Since the Ministerial association
proposed a "go to church Sunday" in
Albuquerque, many have expressed
their pleasure at the idea, especially
since the ministers are not pleading
for themselves, but for all the reli-
gious interests of the city, regardless
of church affiliation. The point that
is being made is that everyone should
attend religious services that day in
the church of their choice, regardless
of name. Such an idea is appealing
to many.

The day appointed for this is the
first Sunday in the New Year, and the
point emphasized by the ministers is
that of giving the churches a square
deal. Every interest in the city, com-
munity and state have their times of
special pleading and it is well that
it is so, for in this manner every
worthy cause is set forward another
league, say the ministers; why not
one for the churches?

"Albuquerqueans are proud of their
churches and proud of their ministers,"
said a local man, not a church-goer,
today. "Probably no set of men do
more good advertising for the com-
munity than the ministers of all
faiths; it is constant, unsolicited,
and without reward or public mention.
Go-to-church Sunday offers a time
when the non-church-going public
can show their appreciation by at-
tending the churches, and I trust
that every loyal citizen will express
his appreciation by attendance upon
public worship."

Many churches in many communi-
ties are working on the same plan and
making the first Sunday in January
the annual Go-to-church Sunday.
Denver and Kansas City tried the
plan a year ago, and with such suc-
cess that the movies got busy and
made films that were shown all over
the country advertising these cities.
It is probable that it will become an
annual event with Albuquerque
churches.

FINE RECORD IS MADE BY POSTAL SYSTEM OF CITY

Every Christmas Package
Cleared Out at Noon Yester-
day and Again at Same
Hour Today.

An unusual record has been made
by the local postoffice in its handling
of the Christmas mail. It is a fact
that, because of the prosperity of the
city and the country at large, the
amount of Christmas presents given
has been much greater this year than
ever before, yet the congestion which
has featured former years has been
unseen from the postoffice service
entirely this year.

The outgoing mail this year has
been 15 per cent heavier on a count
of actual sacks of mail handled, while
the incoming mail has been 20 per
cent heavier, on a count of packages.
There will be a parcel delivery to-
morrow, all mail arriving on No. 9
tonight or earlier trains being sched-
uled for handling over to the owners
this morning. Mail received up to
and including train No. 9 tomorrow
night will be delivered Sunday. Post-
master H. Charles Koch declares he
is anxious to get the mail to the own-
ers as close to on time as conditions
will permit, on Christmas if possible,
as most of the packages are Christ-
mas presents, and that this is the
reason for the deliveries tomorrow
and Sunday. A Sunday delivery was
almost unheard of here before.
